## *A Quiet Place of Rest*

The Garden of Hope was built with love and with one purpose, to be a place where all could come to pray, to worship and find peace.

Through the years thousands have come to see the Garden and have experienced the peace that comes only through knowing Jesus, the Son of God.

**The Garden of Hope**

A Garden of Hope on a hillside.
A Chapel of Dreams on high;
Inspiring men's thoughts to reach upward
And pointing their hearts to the sky,
Where One who knew the hills of Judea
Awaits with compassion and love,
For those who would follow His teachings,
And strive for the mansions above.

A Chapel where prayers may be whispered,
Or spoken with fervor aloud,
A place where the lonely find solace
Above and apart from the crowd.
For Jesus found peace in a garden,
When death marked the path that He trod,
A Garden of Hope on a hillside,
A Chapel of Dreams built for God.

-Alice Kennelly Roberts

# The Garden of Hope

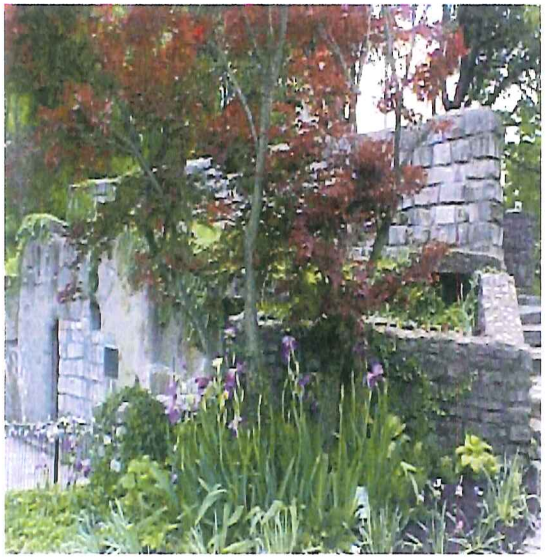
## The Tomb

The greatest event in the history of the world remainse the resurrection of Jesus Christ from the tomb. In 1938 Morris Coers visited the Holy Land and saw the tomb from which Jesus arose from the dead. So moved by the experience Rev. Coers determined to build a replica of the tomb so that others who could not visit the site could at least see what it was like.

Through many years of prayer and struggle, such a place was built. The Garden of Hope became a reality in 1958.

During construction the caretaker of the Jerusalem garden was brought to Covington to oversee the plans. Every possible attempt was made to see that the replica met as many details as possible.

Through the years, thousands have come to pray and to reflect on the great love of God, who sacrificed His only Son, so that we might live eternally.



## The Chapel of Dreams

In the midst of the Garden is a small chapel known as the Chapel of Dreams. It is patterned after a Spanish Mission built in 1620.

In the floor of the Chapel there is a stone that looks like orange tinted marble. It comes from the Horns of Hatton, the traditional location where Jesus preached the Sermon on the Mount.

Couples stand on this stone during weddings held in the Chapel.

## You will also find in the Garden:

-A stone from the Good Samaritan Inn
-A stone from the Jordan River
-A stone from Solomon's Temple

## The Carpenter Shop

The Carpenter Shop found at the west entrance to the Garden simulates the type of shop in which Jesus worked as a boy. The tools in the shop are from Nazareth, and are hundreds of years old. They were gifts to the Garden from David Ben-Guron, the first Prime Minister of Israel. The large mural on the wll of the shop was painted by Leroy Coates, a Covington artist.

Also in the shop are two flags: one Egyptian ("Out of Egypt have I called my Son") a gift of Gamal Abdul Nasser, former President of Egypt; the other a flag of Israel, given by the Israeli Ambassador to the United States of America.
