

The Bahamas Holy Land Experience

'Eco-adventure Religious Theme Park'

A most fascinating and accurate Holy Land Biblical Sites Replica Park, perhaps ever established, is being opened in The Bahamas South Andros Island on January 10, 2016. Also, simultaneously, will be the pioneer event establishment of the Headquarters of the Bahamas Global Impact Prayer and Fasting Network. This first phase completion launch of the Bahamas Holy Land - ecotourism and religious tourism visitor attraction will be an intriguing, inspiring and unforgettable experience. It will mark the beginning of not only an eco-adventure and religious theme park site for groups and family vacation, but also for ecology and religious knowledge students - local, national and international - educational Field Trips - supporting the theory taught in the classroom with an observation of a natural ecological landscape and biblically verified replicas.

The geological make up of this 20 acres property of the Holy Land Experience, Eco-adventure Religious Theme Park sets it apart from any other place in the world. In addition to viewing many significant Old and New Testament Biblical replica sites, visitors will experience perhaps the richest ecological and geological sites imaginable with a dazzling variety of rear birds and animals observable in their natural habitat. Numerous natural rock caves, flat and hilly terrain, underground fresh water and many species of tropical and 'Bahamian medicinal' plants are indigenous in this environment.

The Deep Creek Bridge of South Andros with its flowing blue waters on both sides provides a grand entrance to the roadway of this Tourist attraction site. The beautiful waters of Deep Creek, also flows along the front border of the property giving an awesome view beyond the waters.
